IMPORTANT NOTICE

The Dogo Canario Club of America reserves the rights to correct for cause the registration of this litter. Any misrepresentation on this notification is a cause for cancellation and may result in a loss of all DCCA privileges.

- If this application is accepted, DCCA will send the litter owner one application for the individual registration of each dog in the litter.
- When completed and submitted, this notification becomes property of the Dogo Canario Club of America, Inc. Application fees are nonrefundable and subject to change without notice.

Instructions

1. This notification must accompany any application to register a litter resulting from an artificial insemination. Failure to include this notification will result in return of the litter registration application. The DCCA reserves the right to request additional proof of parentage.
2. To register a litter resulting from a litter inseminated with frozen semen, the DNA profile must accompany this notification and the authorization of extraction and insemination must be completed by the attending veterinarian(s). Failure to submit this information will cause delay in registration of this litter.
3. Please use blue or black ink only. To ensure proper registration of this litter, print capital letters and stay within the boxes. Skip a box where a space would normally appear.
4. SIGNATURES: whenever an owner's signature is required and dog is co-owned, only one signature is necessary. Signature of persons other than owners or lessees will be accepted only if power of attorney or other official authorization has been filed with DCCA.
